CAPTURES PRETENDER

Sultan Inflicts Complete Defeat on the Forces of Bu Hamara.

LARGE NUMBER SLAIN IN BATTLE

Provisions and Ammunition Are Recaptured by Sultan's Troops After Severe Conflict—Pretender Reported Dead.

Tangier, Feb. 2.—The sultan's troops have utterly routed the forces of the Moorish pretender and captured Bu Hamara himself. A special courier, who arrived after making a record journey from Fez, brought this news. He reports that at daybreak last Thursday the army of the sultan, commanded by the war minister, El Menebhi, attacked the pretender's position and inflicted a complete defeat on his following, at the same time capturing Bu Hamara.

Another runner who has arrived here from Fez confirms the news of the defeat of the rebels, but says that the report of the capture of the pretender is incorrect. He adds that it is uncertain whether Bu Hamara's body was among the great number slain. The sultan's victory was absolute, almost the entire following of the pretender being either slain or captured. His camp, provisions and ammunition were taken and the artillery which was lost by the sultan's army in the battle of Dec. 23 was recaptured. Even if Bu Hamara escaped, it is hopeless for him to seek to retrieve his defeat, as his claim that he is a saint is exploded. The details regarding the battle are meagre, but it is known that the pretender's camp was surprised and rushed at dawn. There are great rejoicings here at the sultan's victory.

Found Arsenic in Coffee.

Louisville, Feb. 2.—White arsenic in large quantities has been found by State Chemist Cashin in the coffee which poisoned Mrs. Nancy Birch, her daughter, Mrs. Laura Feaman, Mrs. Frank Cannon of Owensboro, Ky.; Mrs. Emma Wade, Mrs. Birch Cooper and a negro servant. All of the victims have recovered, though for several days Mrs. Birch and Mrs. Feaman were in a critical condition. The police are at work on the case and it is thought an attempt was made to murder the entire family. No arrests have been made.

Large Freight Movements.

Pittsburg, Feb. 2.—Fully 20,000 freight cars were moved on the Pittsburg division of the several railroads in two days. The weather was favorable and each line put forth special efforts to relieve the congested condition of the yards. Every engine that could be pressed into service was in use, and all of the trainmen made at least one day, while large numbers were credited with two days before stopping work.

Believed On Right Track.

Frankfort, Ky., Feb. 2.—The Franklin county grand jury adjourning without returning new indictments in the Goebel murder cases is construed to mean that the testimony of Henry Youtsey and Frank Cecil was entirely against those persons already indicted for that murder, thus, it is alleged, showing the prosecution to have been on the right track from the first.

Many Times a Mother.

East Liverpool, O., Feb. 2.—Although only 37 years old, Mrs. Sarah Jane Reese of Congo, W. Va., is the mother of 17 children. She was married when 16 years old. Five of her children are married and 11 are living at home. One died in infancy. The five married children have families. Three sets of twins and one set of triplets are included in the list.

Contest Is Off.

Tiffin, O., Feb. 2.—James A. Norton's contest for A. H. Jackson's seat in the next congress will never take place. Ten days only remain in which to secure the big mass of testimony necessary to substantiate the charges, and it will be next to impossible to carry out the work in time. No testimony whatever has been taken.

Must Pay Taxes.

Frankfort, Ky., Feb. 2.—In the circuit court Judge Cantrill decided that life, accident and employers' liability insurance companies doing business in Kentucky must pay a franchise tax. About 20 of the larger companies filed suits against the state board of valuation to enjoin it from assessing and collecting the tax.

Lexington, Ky., Feb. 2.—To capture a thief who was making his escape with a piece of machinery in a wagon a watchman at the street railway power house called a streetcar into service. After a circuitous chase of eight blocks the negro was overtaken and surrendered at the point of a shotgun.

TROOPS CALLED.

Riots Lead to Summoning of Militia in Streetcar Strike.

Waterbury, Conn., Feb. 2.—Eight companies of the First regiment, Connecticut National guard, and five companies of the Second regiment, with two Gatling guns, were called to Waterbury at the command of Governor Chamberlain because of "the imperative need" occasioned by the trolley strike situation. The previous riot about the streets, coupled with threats of further disturbances led to the call. There has been no repetition of the violence, but crowds congregated about the streets and had to be dispersed by the police, while there were rumors of an attack to be made on the car barn where the non-union motormen and conductors brought here by the Connecticut Railway & Lighting company are quartered. All lines were operated with the non-union trolley men, but though there was some hooting and jeering from the crowds, the cars were not molested. No cars were run after dark.

Memorial to Thomas Jefferson.

Washington, Feb. 2.—The Thomas Jefferson Memorial association, organized for the purpose of erecting at the national capital an appropriate and truly national memorial to the author of the Declaration of Independence, through its president, Admiral George Dewey, has issued an appeal to the American people for funds to carry out the object of the association. The association is now complete in its list of officers, every state being represented by a vice president and in some cases by a representative on the board of governors of the controlling body. No great movement of a similar character in this country, it is claimed, had as its officers more men of national character and influence than this organization. Senator Foraker represents Ohio on the board. The association, it is stated, is thoroughly non-partisan, the design being merely to raise a memorial to Mr. Jefferson as writer of the Declaration of Independence.

Favor Socialism.

Cincinnati, Feb. 2.—The annual convention of the United Brewery workers began here with 150 delegates from unions all over the United States. National Secretary Julius Zorn and Assistant Secretary Louis Kemper presented elaborate reports, both favoring the socialist propaganda. Their recommendations were referred to a committee. As the organization opposes "one-man power" there is no president and there will be a different presiding officer at each session of the ten days' sitting. The New York delegates were not admitted and their claims were referred to the committee on credentials. It was charged that the 14 delegates from New York represent unions that have been favoring their local brewers. The convention is considering the question of co-operation with the Socialists politically and affiliation with the American Federation of Labor or the American Labor union.

Alleged Forger Arrested.

Detroit, Feb. 2.—Alfred T. Shambelan, aged 46, former treasurer of Kent county, Ontario, who it is alleged is wanted at Chatham, Ont., on three warrants charging theft and forgery in connection with a shortage in the county funds of about \$14,000, was placed under arrest at Grace hospital and later taken by officers and started for Chatham. Under the name of A. W. Fish he was brought to the hospital from Pontiac, Mich., suffering from a fractured skull, which, it is said, was received here last week in a saloon row.

Freight Given Preference.

Philadelphia, Feb. 2.—Discontinuance of the Pennsylvania special, the 20-hour train between New York and Chicago, over the Pennsylvania railroad and the Port Wayne, will be ordered within a few days. Freight congestion is the cause of this action. For several months it has been found impossible to maintain on this train the fast schedule assigned to it without a frightful sacrifice to freight traffic. The running of this train will not be renewed until the congestion of freight is fully relieved.

Fugitive Captured.

Fulton, Ky., Feb. 2.—Joe Campbell, wanted at several different places, especially at Clinton, Ky., where a reward of \$75 is offered for his arrest on charge of horse stealing, was captured by Sheriff Carpenter and a posse at Water Valley, six miles northeast of Fulton. Instructions were received from the warden of the Little Rock penitentiary to hold Campbell until officers from that institution arrive here. He is wanted there to finish serving a seven-year term for horse stealing.

Paris, Ky., Feb. 2.—Auditor's Agent F. C. Albritton of Louisville, with other attorneys, has been examining the records of Bourbon county and looking up property alleged to have escaped taxation. As a result of their labors suits amounting to several hundred thousands of dollars have been entered for the February term of court.

MAY BE COMPROMISED

Propositions For Settlement Have Been Submitted to Powers.

PLAN MAY BE INDORSED BY BOWEN

Serious Hitch In Negotiations of Venezuelan Affairs May Be Ended by the Allies Modifying Their Demands.

Washington, Feb. 2.—Propositions involving a compromise of the allied powers' contention for preferential treatment in the settlement of their claims against Venezuela have been submitted to the governments of Great Britain, Germany and Italy through their representatives at Washington, and while no answers have been received yet, there is reason for the belief that the allies will see a way to accept the latest proposition. This compromise has been suggested by one of the representatives of the allies here, and while it has not formally received the endorsement of Minister Bowen, it is felt that he will not enter serious objection to its adoption provided the United States and the other claimant nations outside the alliance can be convinced that their own interests in Venezuela will not be substantially injured by yielding to a plan which seems to offer a solution of the present serious hitch in the Washington negotiations.

The details of the proposition now under consideration by the three allied nations are not obtainable, but in a general way it is understood to be a modification of the allies' contention that they be recognized as Venezuela's preferred claimants in the payment of the indemnity. The plan suggested provides that for a short period, perhaps six months or a year, Great Britain, Germany and Italy shall receive exclusively 30 per cent of the customs receipts of the ports of Porto Cabello and La Guaira and that at the end of this period, the exact length of which is yet open to decision, all the claimant nations be placed on the same footing and at the expiration of that time the 30 per cent of the receipts of these two ports be divided among all the claimant nations in ratio based on the amount of each nation's claim.

Cause of the Hitch.

Berlin, Feb. 2.—The apparent hitch in the Venezuelan negotiations at Washington is explained here in the following manner: Venezuela hypothecated to France some time ago 13 per cent of the customs receipts, which constitutes a priority claim upon the Venezuelan customs. The blockading powers are quite willing to recognize it in this sense, but President Castro wants it to be understood as constituting part of the 30 per cent offered to the blockading powers. As the latter would then have only 17 per cent left, they regard it as inadequate and hence are not willing to permit the inclusion of France's percentage. It is believed here that the blockade will not be raised until President Castro yields on this point.

Hopeful in Paris.

Paris, Feb. 2.—Official sentiment here is more hopeful of an adjustment of the Venezuelan questions owing to the receipt of advices to the effect that the representatives of the allies have requested their respective governments for further instructions. There probably will be a simultaneous presentation of France's position through the French representative in London, Berlin and Rome. The authorities are examining the plan for aggregating the claims of the powers which did not participate in the blockade as suggested by Minister Bowen and are inclined to regard it favorably.

Castro's Without Preferences.

Caracas, Feb. 2.—In reply to Minister Bowen's inquiry as to what Venezuela intends to do regarding the demand for preferential treatment made by the allies, President Castro has telegraphed: "The Venezuelan government desires equal treatment for all the creditor nations in Europe and America keeping in mind, in addition, its diplomatic conventions and antler stipulations."

Germany After Warships.

Santiago, Chile, Feb. 2.—Private agents of Germany have proposed to the government the immediate purchase of the Chilean battleship Captain Pratt, and the armored cruiser Esmeralde, and have offered to take over the warships now being built in Europe for Chile.

Cleveland, Feb. 2.—Daring burglars rifled the jewelry store of the Schawker Brothers' company, securing about \$20,000 worth of diamonds and watches. They broke a rear window, and one of them cut his hands on the glass, as bloody marks were found in different parts of the store.

WILL RAISE THOROUGHBREDS.

Mr. L. T. Anderson, Jr., Disposes of the Stag Cafe at Cincinnati and Will Engage in Business Here.

Mr. L. T. Anderson, Jr., Saturday closed the sale of his interest in the Stag Cafe at Cincinnati upon a cash valuation of \$40,000 to Mr. Joseph Coyle of Lexington. Speaking of the sale, the Enquirer says:

"The cafe has been successfully managed during the past year by Mr. Anderson and declared the biggest dividend in its history—40 per cent. net. He says that he had a number of offers, but concluded to accept Mr. Coyle's as the most satisfactory. 'I sell the cafe,' said Mr. Anderson, 'as a matter of profit. I have three farms in Mason County, Kentucky (Maysville) of as good land as there is in the State, and shall in the future devote my time to the breeding of thoroughbreds, of which I have a number already. I to-day wired to New Orleans for the purchase of five brood-mares there. I am grateful to my friends and patrons of the Stag for the patronage they have extended under my management, and they will always have a hearty welcome in my old Kentucky home.'

"I did not even look over the books," said Mr. Coyle, 'for I have known Mr. Anderson so long and so well that his word goes with me for anything, and I know the Stag is a good thing. I have been its frequent patron for years.'

ATTENTION, TOBACCO MEN.

Important Meeting This Afternoon of Dealers and Growers.

All tobacco dealers and growers of Mason County and adjacent country are asked to meet this afternoon at 1 o'clock at the court house.

The object is to make arrangements to receive and classify the tobacco to be exhibited at the Maysville Tobacco Fair Feb. 21st, and to prepare to extend a welcome to the visitors who will be present.

B. F. Connor and Rosa Della Carpenter, of the county, have been granted marriage license.

Rev. H. A. Moore, of Lexington, will preach at the Lawrence Creek Christian Church Sunday, Feb. 15th, morning and night.

The C. and O.'s new schedule went into effect Sunday. The time card elsewhere shows the hour the trains are now due to pass Maysville.

Harvey Boone and Sandy Scott were convicted at Vanceburg as accessories before the fact to the murder of M. L. Howland by Florence Hensley, of Quincy, and were sentenced to serve five and twelve years respectively.

The Endeavor service at the Central Presbyterian Church last evening in celebration of the twenty-second anniversary of the society attracted a large audience, all the young people's societies except the Baptist uniting. There are now about 64,000 Endeavor societies in existence, with nearly 4,000,000 members.

R. A. Masterson and George West secured the contract for erecting the building for Manchester's electric light plant at \$1,589.34. The contract for furnishing the lamps, dynamo, &c., was let to James Craighead, of Cincinnati, at \$3,350. J. H. Barr, of Batavia, was given the contract to furnish poles, lines, wire, &c., at \$3,250.

Mike O'Neill, a former well-known Manchester attorney, is one of the commissioners connected with the claim cases growing out of the Spanish-American war. There is \$60,000,000 involved. He went to Cuba three years as a Government representative in connection with the renewal and reestablishment of a free school system for the Cubans.

Hays Savage, a Mayslick negro, who was thought to be deranged, created some excitement on Third street Saturday morning. After his arrest by Constable Chisholm, he ran, and when the officer threatened to shoot, Savage seized Mr. Phieter Wallace's little daughter and held her between him and the officer. He was later fined \$2 by Squire Dreesel for knocking some eggs out of a negro woman's hands, and was jailed.

The Court of Appeals has agreed on the following officers for the ensuing two years: Reporter, Judge T. R. McBeath, of Leitchfield; Sergeant, James J. Smith, of Harrison; Deputy Sergeant, W. E. Cheek, of Taylor; Tipstaff, Mack Pythian, of Louisville; Janitor, S. R. Hopkins, of Henderson. The reporter's salary is \$1,800 and the others \$1,080 per annum. Pythian succeeds Leander Guffey, who has been in Indiana several months, but continued to draw salary here, and will enter upon his duties February 1st.

LEGISLATION HELD UP.

Statehood Bill Blocks the Way of All Other Senate Measures.

DELAYS ACTION ON CUBAN TREATY

Senator Quay's Change of Tactics Will Likely Force a Vote on the Measure For Admission of Several New States.

Washington, Feb. 2.—The omnibus statehood bill will continue for the present to hold its place as the unfinished business on the senate calendar, but it seems quite probable that the discussion of statehood bill will come up in connection with the appropriation bills. Senator Quay has entirely changed his tactics during the past week, and after trying in vain to secure a quorum for night sessions on two different occasions has abandoned all efforts in the direction, leaving the senators to oppose the statehood bill to take the responsibility for delay. He now apparently is the least concerned of all senators to secure late sessions or make confidants. Thus far there has not been delay on any supply measure on account of the statehood debate, but there will be a decided effort to attach the statehood amendment to the agricultural appropriation bill. It is expected that the amendment will be ruled out on a point of order, in which event there will be an appeal from the decision of the chair. It is quite possible, however, that the question may be submitted to the senate without a ruling by the chair.

This plan has been pursued in other cases and has been found to work satisfactorily. The supporters of the omnibus statehood bill intend to seek to add the statehood bill to more than one of the appropriation bills. Senator Cullom will attempt to secure consideration of the Cuban treaty, but until the statehood bill shall be disposed of all speculation as to what may be done with other questions is idle.

To Debate Anti-Trust Bill.

Washington, Feb. 2.—The anti-trust bill, which was scheduled for early consideration in the house this week, will not come up until late in the week if at all, and possibly may be postponed until next week. The friends of the currency bill are exceedingly anxious to get consideration for it and a rule has been prepared. If it finally should be decided to allow the currency bill to come in after the postoffice appropriation bill is disposed of the anti-trust bill would be shut out this week. The Democrats and Republicans have been conferring about the limit of the anti-trust bill debate and a tentative agreement has been reached to allow two days' general debate on the measure. A number of minor matters which ordinarily would be passed by unanimous consent were blocked by the refusal of Mr. Moon of Tennessee, to allow any bill to receive unanimous consent until the Indian territory bill is considered. Tuesday has been set aside for consideration of the 13 claims bills to which Mr. Payne of New York, objected.

Chinese Import Arms.

Honolulu, Feb. 2.—The Pacific Mail Steamship China has arrived here from Hong Kong and Yokohama on her way to San Francisco. She brings the news that large importations of arms and ammunition are being made by Chinese, in violation of the agreement of the powers. Vessels disguised as trading boats are going into the interior laden with war material. It is thought that these unusual importations of fire arms and ammunition are being made by the reform element, which is plotting to overthrow the Manchurian dynasty. There are many members of the reform party in Hawaii and they have contributed liberal sums for the support of the agitators in China.

Aid Fuel Famine.

Cincinnati, Feb. 2.—While there has been an abundance of coal along the Ohio river during the winter, it has been decided to help out interior points where coal famines existed because of the scarcity of cars. The break was made when Stonebrow & Company of this city, reported that a double-header with 17 gondolas carrying over 1,000 tons of coal had left Connel City, Ky., over the Southern for Louisville, and thence over the Big Four for Indianapolis. A forfeiture contract has been made for these special trains via Louisville to Indianapolis for the relief of Indiana points as fast as the cars can be loaded.

Chicago, Feb. 2.—The Pullman Car company has posted a notice announcing that on April 1, ten hours' wages will be paid for nine hours' work to every man employed in the works. Nearly 8,000 men are affected and more than \$70,000 will be added to the company's pay roll each month.

PRIMARY ELECTION

**Ordered to Nominate Democratic
 Candidates For Legisla-
 ture and Circuit
 Clerk.**

**Chairman Slattery Resigns and is Suc-
 ceeded by Sheriff Roberson—Reso-
 lutions Adopted—Mr. Tay-
 lor's Remarks.**

The Democratic Executive Committee met Saturday at the Central Hotel and was called to order by Chairman Thos. D. Slattery, who stated the purpose for which the meeting had been called, and, at the same time, by reason of his candidacy for the Democratic nomination for Commonwealth's Attorney, tendered his resignation as Chairman, which resignation was accepted. The Secretary then took the chair and called for nominations for Chairman to succeed Mr. Slattery. Upon motion by Mr. Everett, Sheriff Jas. R. Roberson was unanimously chosen. The chair appointed Dr. J. A. Reed and Messrs. Robert H. Wood and Al. Lukins to notify Mr. Roberson of his election and escort him to the chair.

Upon Mr. Roberson's assumption of the office, Mr. Robert H. Wood offered the following resolutions, which were unanimously adopted:

Be it Resolved by the Democratic Executive Committee of Mason County in Meeting Assembled:

First—That a primary election be held in Mason County, Ky., on Saturday, May 9, 1903, between the hours of 6 a. m. and 4 p. m., as required by law, for the purpose of nominating candidates for the following offices, viz: Member of the General Assembly and Circuit Court Clerk.

Second—That the officers for said primary election shall be selected by the committee, each committeeman to select the election officers to serve in the precinct he represents, and report his selection to the Chairman not later than ten days before the date of the primary election; and should any committeeman fail to report by the time required, then the Chairman is authorized and empowered to complete the list of election officers, and the Secretary is directed to notify said election officers in writing immediately, upon their appointment.

Third—The Chairman is directed to prepare the ballots for said primary election, and to place the names of the candidates upon the ballots in alphabetical order for such offices as have more than one candidate.

Fourth—That the name of Gordon Sulser, Secretary, is directed to be placed across the back of the ballots, in the same place and manner as is done by the County Clerk in regular elections.

Fifth—That the proper election officers are directed to return the ballot boxes, containing the voted ballots, etc., together with stubs, etc., to the Chairman of the Executive Committee at the office of C. L. Wood, Clerk, within the time and in the manner prescribed by law, for the purpose of being canvassed by the returning board of the committee.

Sixth—That the following of the committee, five in number, J. R. Roberson, Chairman ex-officio, A. D. Dickson, J. J. Owens, J. C. Everett, J. A. Reed and Chas. T. Calvert shall constitute the returning board of the committee and canvass the returns of said primary election and issue certificates to the successful candidates in same. Said returning board is to be of record in the event of a contest. A majority of said board may act in all cases.

Seventh—In the event a defeated candidate desires to contest the election of his opponent he shall serve written notice on such contestee not later than ten days after the certificate of election has been issued to such contestee.

Eighth—Each candidate who desires to have his name placed upon the ballot shall deposit with J. R. Roberson, Chairman, at his office not later than fifteen days before the date of the primary election, the following amounts:

Each candidate for member General Assembly.....\$ 25 00

Each candidate for Circuit Court Clerk..... 150 00

The amount realized therefrom to be used in defraying the expenses of the primary election, and the balance left, if any, to be prorated back to the candidates at said election. The Chairman is authorized and empowered to defray all expenses which may arise incident to said primary election and to prorate and return to the candidates any funds which may be left in his hands after all such expenses have been defrayed.

Ninth—That all known Democrats who will be legally qualified voters at the November election, 1902, shall be allowed to participate in the coming primary election.

Tenth—The members of the committee are to secure voting places for respective precincts and report the location of said voting places to the Chairman on or before Tuesday, May 5th, 1903.

Mr. James W. Fitzgerald offered the following resolution:

Resolved, That this committee hereby tender to Thos. D. Slattery its sincere thanks for his faithful and tireless efforts in behalf of the Democratic party as Chairman of the Executive Committee of Mason County, and regret that, on account of his candidacy for Commonwealth's Attorney, he is compelled to resign as Chairman of said committee. And in recognition of his past services to his party and his signal ability and

It Pays to Explore This Store!

Don't be satisfied with the bits of news we print in the papers. For many reasons many of our best bargains never get into print. Some time the lots are small and are snapped up before they're fairly on our counters. Again, there are so many things to advertise, before we find space for a certain bargain its ranks are so depleted we haven't the ad quantity necessary. When you are down town step in and ask to see the day's bargain. That is the best way as now is the halcyon time for money savers. Special inducements must be offered to coax trade. Watch our advertising space of course and our windows, but above all visit the store to see and examine the saving opportunities we create for you daily. For instance: If we were to give you merely your money's worth we would charge 7½c. for this sixteen-inch bleached crash, but we give nearly double your money's worth when we say 4c. a yard. The crash is neatly bordered in blue and is a close, firm, even weave.

Women's Run-About Skirts!

Hardly a month passes without our adding to the stock of utility Skirts, though judging by what shoppers tell us we might double the time without any additions and still have the most satisfactory stock in town. You notice we do not say the biggest stock. We don't aim for that. We never buy a great quantity at a time, only enough to be sure of fitting you for the well groomed woman to-day demands the same perfection of fit in a skirt that she does in a waist. And that is what she will find in these beautiful tailored skirts of black or dark gray cheviot. Seams are heavily stitched; also edge of flared sunburst flounce. We'd like to whisper the price for until you see the skirts you won't believe it possible to buy such perfection of quality, fit and finish for \$5.

qualification to fill the place he seeks, this committee wishes him success in his candidacy.

In seconding the motion to adopt this resolution, Mr. C. Burgess Taylor paid Mr. Slattery a deserved compliment, saying:

Without any desire to unduly flatter the gentleman, it seems to me but a just recognition of his services to say that in all the duties of Chairman of this committee Mr. Slattery has been faithful and tireless. When Mr. Slattery assumed the duties of Chairman of this committee the Democratic party was in the closest straits and the Republicans were so insolent in their claims of success. His administration of the affairs of this committee has been marked by genial and gentlemanly conduct in the midst of trying circumstances, and no aspirant for honors at the hands of the Democratic party has ever received any but the fairest treatment at the hands of Mr. Slattery. And it can be truthfully said that at no time has he ever used the power of his place to favor his friends or discriminate against those to whom he was opposed, but his sole aim in all of his official acts has been to promote the best interests of the Democratic party, regardless of the selfish interest of political aspirants. These facts, connected with his valued legal ability and his recognized integrity, commend him to the hearty support of the Democrats throughout this entire judicial district.

At the close of Mr. Taylor's remarks, the resolution was adopted unanimously, and the committee then adjourned.

MERZ BROS

STABBED TO DEATH.

Charles Duncan Killed in a Fight Over a Crap Game Saturday Night in Burke's Saloon.

Charles Duncan, colored, was killed in a fight over a game of "craps" Saturday night about 10 o'clock in Burke's saloon on Market street. Henry Lightfoot, colored, is charged with the murder.

Another negro who was in the saloon at the time, stated that a crowd of men were in a rear room gambling. Suddenly he heard some one exclaim: "You draw that knife on me!" This was followed by cries of "Fight, fight!" and most of the crowd broke for the front door.

A moment later Duncan came out of the rear room and sank to the floor near the counter. From a gaping wound under the left nipple blood was spurting. There was another deep cut across the stomach, laying it open. Duncan was dead before a doctor could reach him. In the excitement Lightfoot escaped and is still at large.

Duncan was about forty-five years old, and leaves a wife and several children. The family moved here from Robertson County about three months ago.

Lightfoot is much younger than his victim, being about twenty-two years old. The saloon where the killing was done has been operated by John Burke, but last week he transferred his license to Thomas Ryan, and Saturday night was his last night in business.

Lightfoot's home is in the Sixth ward. He was seen on East Second street by Neal Potts after the killing, and had the knife still in his hand. He claimed Duncan struck him first with a pair of knucks.

SHOT BY THIEVES.

Mr. John Bruer Farrow, a Prominent Farmer, Wounded Last Night.

Blood Hounds Taken to Scene Early This Morning—Reward of \$250 For Conviction of Guilty Parties.

Mr. John Bruer Farrow, a prominent farmer living near Mt. Gilead, was shot about mid-night last night by thieves. It was first reported he was probably fatally wounded, but later information is that his wounds are not so serious. According to this later information he was shot in the shoulder and hip.

There were three men in the party who did the shooting. Mr. Farrow had sold some cattle Saturday, and the thieves were evidently after this cattle money. In their search they awakened Mr. Farrow, and the shooting followed, the thieves then making their escape. It was not learned whether they were white or black.

Information of the shooting was at once brought to Maysville, and about 4 o'clock the county's bloodhounds, with Mr. N. Gollenstein in charge of them, were taken to the scene in hopes of catching the guilty parties.

As will be seen elsewhere Mr. Farrow offers a reward of \$250 for the arrest and conviction of the guilty parties.

Mr. Will Short is confined to his home with an attack of fever.

The Cole farm above Dover containing eight acres was sold at public sale Wednesday afternoon to Mrs. Bettie Cole, for \$350.

The story of "Old Arkansas" is an unusually interesting one, and is admirably told. The play will be the attraction at the opera house to-morrow night. Secure seats now at Nelson's.

Upward Tendency For All Grades of Any Merit—Rejections the Lightest For Weeks.

	Week.	Year.	Week.	Year.
	1903.	1902.	1903.	1902.
Offerings of new hdds.	1,682	437	5,091	1,516
Offerings of old hdds.	648	1,027	2,321	2,816
Total hdds.	2,330	1,464	7,412	4,332
Rejections.	278	237	1,192	842
Actual sales.	2,052	1,227	6,220	3,490
Receipts.	2,056	747	5,274	2,427

The 1,682 hdds. of new tobacco offered averaged \$7.46 per 100 pounds, as against \$7.19 for the 960 hdds. last week and \$6.79 for the 437 hdds. in the corresponding week of last year.

The market showed a decided upward tendency on everything of merit both in the old and new crops, prices on the whole being from $\frac{1}{2}$ ¢. to $\frac{3}{4}$ ¢. higher than last week. There was a big increase in both offerings and receipts. In the new crop red tobaccos continue to form the greater portion of the offerings, and notwithstanding the pressure to sell these types, prices were remarkably well sustained and realizations generally satisfactory to shippers.

Bright trashes and good colory lugs were rather sparingly offered throughout the week, and the competition for these sorts between the big buyers and independent manufacturers, re-inforced by a strong speculative demand, had the effect of making an active and interesting market.

A strong demand materialized for short red tips, and all of this type in good or even fair or-

der were readily taken, prices being from one to three bids higher than last week.

Good medium and fancy leaf of the new crop were in rather scant supply, selling at prices ranging from \$12 to \$18 per 100 pounds.

In old tobaccos there is little, if any, change to note. The hunt for good colory in the old crop is still on and everything of merit was quickly snapped up. Choice packings of old are evidently rapidly passing out of the hands of shippers at present prices, and the stocks of such will soon be off the market. Out of the total offerings of 618 hdds. of old less than fifty hdds. sold above \$12, nine of these being cutters and cigarette wrappers, ranging from \$15 to \$25 per 100 pounds.

Rejections were the lightest in any one week for many months, being a fraction less than 12 per cent.

Weekly Review of Cattle, Hog and Sheep Market.

[Cincinnati Live Stock Review.]

The receipts of cattle during the week were light, but the demand was not sufficiently active to make much difference on prices. Fair to good butcher stock was in best demand and gained about 10¢. per 100 pounds. Stockers and feeders continue slow. There were only a few choice shipping cattle, but were not any firmer than last week. Good milch cows move fairly well, but poor ones are draggy. Calves have been steady.

A rather light run of hogs had a strengthening effect upon the market, Wednesday being the only day when prices receded any. Although the local demand was not very active, prices reached the highest point of the year so far. The quality of the offerings is fair.

Sheep were steady to $\frac{1}{2}$ ¢. higher for the week. Offerings were rather light and moved readily. Lambs were steady to 10¢. higher.

CHAS. A. WALTHER, Tailor.

It may seem idle talk to say much about Spring Clothing at this time of year. There are some few people who think it too early to place an order, but in having your clothes made to measure—and they really are the only kind that fit and last—two things should be considered. One is,

"He Who Takes Time By the Forelock" Never Gets Left!

So he who takes advantage of opportunities when presented, and selects his goods and places his order for whatever he may need in wearing apparel before the season fairly opens is never left. For why? As usual the good things go first, and he who gets the first is like the "proverbial bird," gets the best that's going. The second thing to be considered is tailors. When spring is here they are very busy, and in consequence late orders are delayed which cause annoyances otherwise avoided. Come and look at my line. Over two thousand styles to select from. Suits made here by the best skilled tailors from \$23 up. Those made by the Globe Tailoring Company, for which I am agent, from \$15 up.
